

## Traveller cast of characters

Captain Jubal Parkfeathers		The very loyal captain of W+O's ship, the Zeelund
Str	8	Parkfeathers began his career in the Surveyor(Scout) service after a failed romance due to his drunkenness. He was drafted and never promoted, enjoying a wide variety of experiences including an attack by an alien brain parasite. That was the event that led to him meeting W+O, and it was the point they earned his loyalty by "curing him of his insanity". He does not appear to have been cured.
